Subject: Letter of reference for Athens Roofing

To whom it may concern:

I wish to vouch for the competence and the professionalism of Athens Roofing. They exhibit immaculate workmanship and follow thru post-installation. The durability of the TPO (Thermoplastic Olefin) roof Chris recommended has saved on maintenance and on energy bills. Energy cost savings have given us a 100% return on investment within 5 years of installation of the TPO liner roof.

Please feel free to contact me about any questions you may have about Athens Roofing.

Sincerely

Sachin Patel  
Five Points Bottle Shop
